Hi,

I read some of the articles that are out. I just want you to know, I have not said anything. I wouldn't do that to you. I'm sure the stress you are going through right now is very hard and I respect your privacy. You are in my thoughts - Callie

Hi,

I'm concerned for you. The policy did come by this evening and asked if I heard anything on the 31st. I honestly didn't, so I said no. I don't think they believed me. I really think you should see a doctor, if you haven't already. I'm sure they will keep it confidential, but you should have some documentation. You have my love and support with whatever you do!

Of course. I will not share this with anyone. I understand. You are not being dramatic at all. I hope you are well - Callie

would be willing to talk to  
me it would be great.

Eliana, I'm so very sorry for all you are going through. I feel I must tell you, if you don't already know, but DA investigators came to my house last Thursday and I had to talk to them about what I knew. I'm very sorry and know you must feel betrayed. This was never my intention. I hope you are not feeling like you are all alone.
