11 election to be held on November 3, 2015.

12 **Ordinance amending the Campaign and Governmental Conduct Code to require**

21  
22 Be it ordained by the People of the City and County of San Francisco:

23 Section 1. Findings.

24 (a) The City and County of San Francisco ("City") has a long-standing, compelling  
25 interest in furthering public disclosure of the identity of lobbyists and of their efforts to  
influence decision-making regarding local legislative and administrative matters. The City has

1 required this disclosure to protect public confidence in the responsiveness and representative  
2 nature of government officials and institutions.

3 (b) For many years, the City has required lobbyists who directly contact City officials,  
4 referred to here as “contact lobbyists,” to register with the Ethics Commission and disclose  
5 their lobbying activities. But in addition to contact lobbyists, individuals, businesses, non-profit  
6 organizations, labor unions, and trade associations attempt to indirectly influence City officials  
7 by urging others to directly lobby those officials. These indirect lobbyists, referred to in this  
8 measure as “expenditure lobbyists,” make payments in an attempt to encourage others to  
9 directly lobby City officials by urging them to attend legislative hearings to speak on their  
10 behalf, by providing them with transportation to public meetings, by using advertising outlets  
11 to ask others to call or contact City officials’ offices to make their arguments, or by making  
12 donations in exchange for their direct lobbying efforts. Given these efforts, it is often difficult  
13 for City officials to know whether the individuals directly approaching them are truly voicing  
14 their own opinions or are doing so at the behest of expenditure lobbyists.

15 (c) For these reasons, and consistent with the City’s past efforts to further the goals of  
16 open government and transparency in decision-making, the voters enact this ordinance to  
17 impose registration and disclosure requirements on expenditure lobbyists. This approach is  
18 not unique to San Francisco. Several other California jurisdictions, including Los Angeles,  
19 Sacramento, San Diego, San Jose, and the State of California, have enacted similar  
20 expenditure lobbyist regulations,.

21 (d) This ordinance imposes reasonable, narrowly tailored registration and disclosure  
22 requirements on expenditure lobbyists, obligating them to reveal information about their efforts  
23 to influence decision-making. Since expenditure lobbyists and direct, contact lobbyists both  
24 attempt to influence the City’s legislative process, this ordinance imposes the same sorts of  
25 registration and disclosure requirements on both types of lobbyists.
