Good morning Ethics Commissioners,

My name is Ellen Lee Zhou (spell out). I was a Public Health Worker for public health for more than 15 years. I am an Union delegate representing government employees. I have been a resident for more than 37 years in SF. I love SF. I ran for SF mayor in 2018 and 2019 against tyranny. Yes, Ethic Com has been retaliating me after I exposed wicked policies in SF.

I have been coming to Ethics Com. Public hearings with many other government employees in different dates in 2016, 2017, 2018, 2019, 2020, 2021 and 2023. The last time I spoke to the Ethic Commission was on May 5, 2023, which I spoke out that SF has been running a communism government, aka, agenda 2021 and 2023, which to purposely destroy our city.

When I ran my campaign for SF Mayor in 2019, I have No campaign manager, No paid advisor, No paid staff, No paid employees. We all volunteers. As a candidate for SF Mayor, I've consulted and followed Ethics Commission's instructions. I reported so much corruptions on my opponent London Breed's campaign team, have SF Ethics commissioners done any investigation on fraud and illegal campaign practices against London Breed and her campaign team?

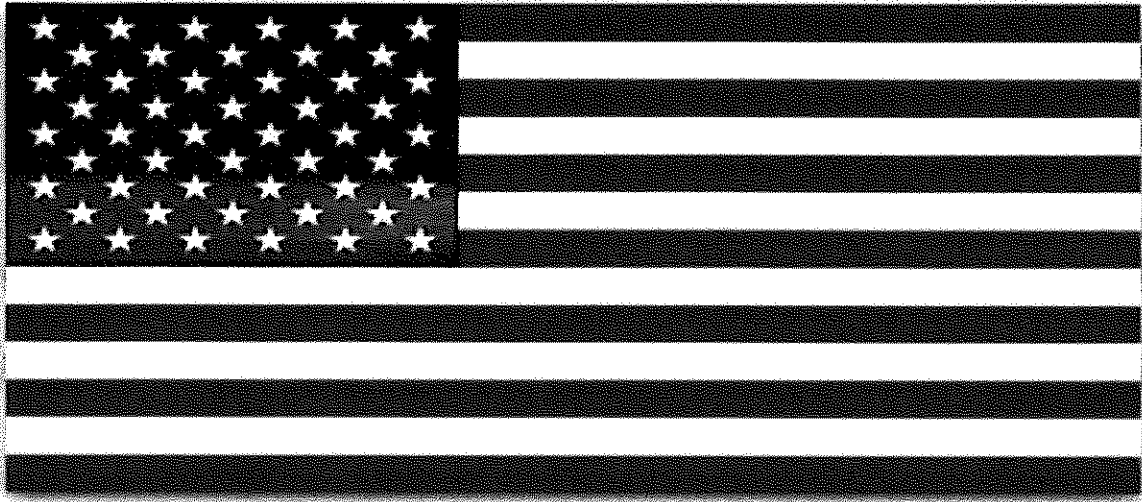

In 2019, my campaign billboards were illegally removed after many SF elected officials and city leaders came out to two press release and news conference, calling me a racist, illegal removed my campaign billboards was a violation of my constitutional rights. That was election interference and I reserve all my legal rights to sue. The credibility of the SF City leaders is worthless due to illegal actions against me and my volunteers because we believed in SF first!

My billboards, were about human trafficking, child trafficking, homeless and crimes within the SF, my campaign was promoting a new people government to reduce homelessness, child trafficking, human trafficking, drug trafficking, which today 2023 became a real pandemic for SF, that more and 1500 people died on the streets each year in the last three years, 31% of the cell phone not able to renew, 1/3 of the business closed out, many unvaccinated people do not allow to work, many companies left SF because of the out of control crimes.

Today, I am here to ask you to end your communism, unethical, illegal, investigations against conservatives who do NOT agree with your communism, tyranny policies that failed to protect our children and human beings.

Thank you and may God's Kingdom come back to SF soon, in Jesus' name, amen.
