Good morning Ethics Commissioners,

My name is Ellen Lee Zhou (spell out).

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.", born and unborn, vaccinated and unvaccinated, amen.

I was a public servant for SF for almost 20 years. I was wrongfully terminated due to not accepting the covid19 vaccine shots. There were hundreds public employees were wrongfully terminated like me in 2021 and 2022.

I have been working and living in San Francisco for more than 38 years. I was nominated to run for mayor in 2018 and 2019. Ethics Commission dept. has been discriminated me and retaliating me after I exposed corruption in SF. 2024, I am running for mayor again. I never surrender to evil! But I have been discriminated again, that I am NOT allowed to debates.

The last time I spoke to you the Ethic Commission was on Friday, February 9, 2024, which I spoke out against SF Ethics Commissioners, unethical, unlawful investigations against a conservative candidate like me. Yes, I am a mother and I am pro-life. I am a health worker and I am against illegal drugs. Yes, I am a republican and I support President Trump!

Today, I am here to inform you that I am running for SF Mayor again for November 2024 election. I believe the God of Abraham, Jacob and Issac will save SF if we repent, and turn from the wicked ways, humble ourselves, then God will hear our prayers and heal our land San Francisco. I don't give up my city. I believe God will save us when we stop murdering little people. Protect our children, let God arise in San Francisco!

Save San Francisco from God's judgement, I urge you all to repent, turn from your wicked ways, return to righteousness, return to God's law and order. Thank you.
