Ethics Commissioners,

My name is Ellen Lee Zhou (spell out).

I have been working and living in San Francisco for more than 38 years. I was nominated to run for mayor in 2018 and 2019. Ethics Commission dept. has been discriminated me and retaliating me after I exposed corruption in SF.

Today, I am here again to urge you, stop harass me and stop abusing one of my volunteers Mr. Paul Taylor. What you have been doing to Paul Taylor is public abuse, elder abuse and corruption within the deep state cabal system.

Today, I am also here to inform you as of today May June 6, 2024, there are 53 registered candidates to run for San Francisco Mayor. As of June 12, there are 13 qualified candidates to run mayor. I am one of the 13 candidates for mayor.

Today, I am also here to make a public complaint that the similar groups who controlled the deep state politicians now putting false information to San Francisco voters, telling SF voters, there is only five candidates are running for mayor, which is a lie! It is voters' violation. It is mis-information! It is fraud! I demand you, the Ethics Com to invest election fraud.

I am one of the 13 qualified candidates for mayor. I am alive. I am a Republican for President Trump. I am a mother. I am a Family Social Worker. I legally immigrated to America. I am a resident in district 9 and have been living and working in San Francisco for more than 38 years.

Today, I am here to make a public record, here to hand you the official complaints I filed with Ethics Commission on in 2024. I demand your intervention, stop the voters' fraud, so voters can vote with truthful and informed information for November 5, 2024 election. Thank you.
